**THE New 1893-1897 EDITION OF  
Johnson's Universal Cyclopaedia.**

I. It is the only Cyclopædia in this country that has been thoroughly and comprehensively revised in every department since 1876, thus affording the latest information on every topic.

II. It is the only Cyclopædia made by a thoroughly organized body of scholars, who are recognized authorities, signing their own contributions. It is consequently the highest in scholarly authority and excellence.

III. In scope it excels all other Cyclopædias. No similar publication equals it in the number of its articles or the freshness and compactness of its subject-matter.

IV. The order and method of treatment make its information more readily accessible than any other similar work of reference.

V. It is the only modern Cyclopædia in English that has been thoroughly and intelligently edited—a fact which accounts for its completeness, as well as for its uniformity and correctness of style.

VI. Scholars and professional men alike declare that it has "No Equal, No Superior." This is the verdict of all who have used the work.

VII. Its Editorial Staff and List of Contributors include the names of the leading Scholars, Scientists, Theologians and Educators in the United States to-day, and all of them were selected because of their superior qualifications.

VIII. This is the only General Cyclopædia giving the derivation, meaning, and the pronunciation of Foreign Names, thus combining the essential features of a Lexicon with the valuable characteristics of a CYCLOPÆDIA OF GENERAL KNOWLEDGE.

The School Board in Boston after a deliberate consideration of several Cyclopædias, on May 14, 1895, passed the following resolution: "Ordered, That hereafter only the new edition of Johnson's Cyclopædia be furnished to the schools."

Do not be deluded by so called dictionary-cyclopædias. The two cannot be combined in one work. Buy the Johnson and you will not regret it. Send for specimen pages.
